Jane Henney
FDA Commissioner
5600 Fishers Lane, Room 14-71
Rockville, MD 20857

SUBJECT: Docket 99P-0033/CP 1

Ms Henney:

I would like to write in regards to Docket 99P-0033/CP 1. I must demand that you hear my thoughts on this matter. The madness must stop.

I demand that you act in putting an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. Cows are not meat eaters by nature and they shouldn't be forced to eat dead animals.

I also demand that you act on the HFA petition to stop:

- The blood and blood products from all mammals, including pigs and cows must be prohibited for use in animal feed and pet foods.
- Gelatin and gelatin by-products must not be used in animal feed, as gelatin might carry infectious agents.
- Porcine materials must not be used in animal feed because US pigs are known to have exhibited symptoms of central nervous system disease suspected as being TSE and have proven susceptible to TSE in laboratory tests.
- TSE-positive material absolutely must not be fed to any animals or be used in cosmetics, fertilizer or other products.

Please stop and review your position on these matters.

Thank you for your time.

Sincerely,

Lorrie Engleman
